HELP AT SHOWS - To enable the Club to run events all members must help at a minimum of one show per year (either one full show day or two half days). Points will only be awarded to those members who have made themselves available to help at a show. If you are helping on a morning, you may compete on the afternoon of that day or vice versa, provided your competing does not interfere with your ability to focus on helping the show organiser. Each show has an optimum number of helpers required, and once this level is reached, we may be in contact to rearrange your dates. Please provide your preferred types of event at which you will help and we will be in touch to agree a help day with you. Any forms which do not indicate at which shows you are willing to help at, will be returned.

Important: To be considered for points in 2018 your help days must be completed by 31/10/2018
