The Novice section (N) of this show is aimed at the genuine novice and less experienced rider. A novice rider, for the purposes of this section of the show, is a rider who has not been placed 1st, 2nd or 3rd in the type of class entered, at any time, at any show. (Combinations for this section can be either Novice Rider with Novice Horse or Novice Rider with Experienced Horse)

The Open section (O) of this show is aimed at the more experienced rider who either has a new horse or is bringing on a young horse and wishes to either gain the experience or obtain the judge's advice. (Combinations for this section can be either Experienced Rider with Novice Horse or Experienced Rider with New Horse.)

The Novice and Open classes are identical and will run consecutively but may be amalgamated at the judge's discretion if entries are low.

Competitors must elect to be in one group for the whole day's events, i.e. either Novice or Open. You cannot switch between sections for different disciplines. If you do not meet the criteria of either the Novice or Open sections, you are welcome to enter as a non-competitor to enable you to gain the experience you require.

Points will be awarded for each class, and the rider who gains the most points on the day in the Novice Section will be awarded the Graham Tibbot Rose Bowl Trophy at the End of Season Celebration Dance. We hope that all competitors will have a go at each class, and so build up confidence and experience.
